

July 29, 2020

All Platt College Students, Staff and Faculty,

I want to take a moment to say thank you. As we continue to navigate a time unlike any other in our lives, I'm inspired every day by your acts of strength and tenacity in the face of the COVID-19 virus. Even more so by your patience and understanding as we adjust to a new sense of normalcy.

With this new normal has come necessary changes on all our campuses. For your piece of mind, I want to assure you that your continued safety and health has always been a priority and will continue to be so throughout all of Platt College.

In the early stages of COVID-19, we required all persons entering any Platt College Campus to wear a face covering, maintain social distancing and limited the number of people who could be on a campus at any one time. We also made very sure we complied with all County, State and Federal mandates and guidelines at all times.

Now, as we slowly and carefully begin to reopen our campuses to some lab/clinical oriented courses only over the next few months following all state guidance, we have implemented additional safety procedures and will enforce them for your continued safety, health and protection during this pandemic. These will include such guidelines as:

- Continuing to require face coverings be worn by anyone entering our campuses
- Additional health screening evaluations
- Requiring temperature checks to all individuals entering our campuses every day
- Thoroughly sanitizing all high touch surfaces following the most recent protocols issued
- Continued reduced occupancy limits and social distancing in all areas of the campuses
- Continuing to give reminders and postings on all guidelines and requirements that must be followed each day

I understand that some of you may still be apprehensive when deciding to return to on campus instruction and other operations, but I assure you we have been working diligently, and will continue to do so, to be sure your health and safety is our biggest priority at all times.

This pandemic has created tragic circumstances and anxiety for now and into the future, but it has also fostered an amazing sense of resilience and strengthened the commitment to our entire college community. For specific questions regarding COVID-19 please contact Monica Sandoval, Human Resources msandoval@plattcollege.edu and/or Megan Clifton, Director of Accreditation and Regulatory Affairs mclifton@plattcollege.edu.

I would again like to say thank you for the tremendous patience and understanding you have shown throughout this entire pandemic and I am confident we will get through this together.

Sincerely,
Edward A. Beauchamp,
Chief Executive Officer
