Students with Disabilities: Accommodation Policy and Request Forms

Statement of Non-Discrimination and Accommodation

Platt College does not discriminate on the basis of disability. Individuals with disabilities are entitled to reasonable accommodations to ensure that they have full and equal access to Platt College's educational resources, consistent with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) ("Section 504"), the Americans with Disabilities Act (42 U.S.C. § 12182) ("ADA"), their related statutes and regulations, and corresponding state and local laws.

Section 504 prohibits discrimination on the basis of disability in any program or activity receiving federal financial assistance. The ADA prohibits a place of public accommodation from discriminating on the basis of disability. The applicable law and regulations may be examined in the office of the ADA Compliance Coordinator, or his/her trained designee who has been designated to coordinate Platt College's efforts to comply with Section 504 and ADA. The Academic Dean at each campus serves as the ADA Compliance Coordinator for his/her campus:

ADA Compliance Coordinator:

Requests for Accommodation

Individuals with disabilities wishing to request an accommodation must contact the ADA Compliance Coordinator. A disclosure of a disability or a request for accommodation made to any staff, faculty, or personnel other than the ADA Compliance Coordinator will not be treated as a request for an accommodation. However, if a student or applicant discloses a disability to such an individual, that individual is required to direct the student to the ADA Compliance Coordinator. Upon request, the ADA Compliance Coordinator (or his/her trained designee) will provide a student or applicant with a **Request for Accommodations form**, which is also available on Platt College's website under the _____ tab. To help ensure timely consideration and implementation, individuals making a request for an accommodation are asked to contact the ADA Compliance Coordinator and/or submit a Request for Accommodations form at least two weeks prior to when the accommodation is needed.

Individuals requesting reasonable accommodation may be asked to provide medical documentation substantiating his/her physical and/or mental impairment(s) and/or the need for the requested accommodation(s), including but not limited to when the limitation or impairment is not readily apparent and/or a requested accommodation does not clearly relate to the impairment(s). Such documentation should specify that a student has a physical or mental impairment and how that impairment substantially limits one or more major life activities. In general, the supporting documentation must be dated less than three years from the date a student requests a reasonable accommodation, and must be completed by a qualified professional in the area of the student's disability, as enumerated below:

Platt College may request additional documentation or testing as needed. All records provided will be designated confidential and only distributed on a need-to-know basis to evaluate and implement requested accommodations.

After the ADA Compliance Coordinator receives the Request Form and the required documentation, he/she (or his/her trained designee) will engage the student or applicant in an interactive process to determine what accommodations may be appropriate. The ADA Compliance Coordinator will notify the student in writing within a reasonable timeframe with a decision regarding the approved academic accommodations. The ADA Compliance Coordinator will provide written notice of the approved academic accommodations to faculty members and other individuals with responsibility for providing the academic accommodations.

A student or applicant should contact the ADA Compliance Coordinator if he/she is dissatisfied with the implementation of an approved accommodation.

Appeal Process

If a student or applicant is dissatisfied with the determination of what accommodations will be provided, the student or applicant may file an appeal. Appeals should be made in writing and directed to the Campus President at the student's campus. The appeal should include a statement of the steps taken to date, the results obtained (if any), and the basis for the dissatisfaction. The Campus President will engage the student or applicant in the interactive process to try to resolve the issues, as well as engage other resources as needed to help

address the concerns. The Campus President will provide to the student or applicant a written decision regarding the appeal within a reasonable timeframe.

Platt College will make appropriate arrangements to ensure that a person with a disability is provided other accommodations, if needed, to participate in the Appeal Process. The ADA Compliance Coordinator will be responsible for such arrangements.

Grievance Process

Any student or applicant who believes that Platt College has discriminated against him or her on the basis of disability is encouraged to file an internal complaint by contacting ADA@PlattCollege.edu. Platt College will promptly investigate any allegations of discrimination and take prompt ameliorative action. The student or applicant may also file a grievance using the grievance procedure stated in Platt College's Catalog. This policy may also be found in Platt College's Consumer and Student Handbook, which can be accessed online at www.plattcollege.edu.
