Introduction

The Jeanne Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities participating in federal financial aid programs to maintain and disclose campus crime statistics and security information. The purpose of the Clery Act is to promote transparency around campus crime policy and statistics, and to ensure that students, employees, and the public are well-informed about safety on campus.

In compliance with the Clery Act, Platt College publishes this Annual Security Report (ASR), which includes:

- Statistics for the previous three calendar years of Clery-defined crimes reported on campus and adjacent public property
- Policies and procedures for reporting crimes and emergencies
- Campus safety and security practices
- Timely warning and emergency notification protocols
- Information on prevention programs related to dating violence, domestic violence, sexual assault, and stalking, in accordance with the Violence Against Women Act (VAWA) amendments to the Clery Act

Platt College is dedicated to providing a safe working and learning environment. To maintain compliance with Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (“Clery Act”), Higher Education Act (“HEA”) requirements, and related statutes and regulations, and in an effort to continuously promote and improve safety and security measures on campus, Platt College collects and publishes information regarding its security policy, available services and crime statistics. Once collected, the information is presented annually in this Annual Security Report (“ASR”) to prospective and current students, prospective and current faculty and staff, and to the public. Any questions about the Annual Security Report should be directed to Megan Clifton, Vice President of Academic and Regulatory Affairs at mclifton@plattcollege.edu.

Requests for Annual Security Report Data

The Campus Crime and Incident Log can be requested from the Campus President or Academic Dean in writing. Records for the most recent 60-day period will be open to public inspection during normal business hours. Any information older than 60 days will be available within two business days of the request for public inspection. Crime logs are kept for 3 years following the publication of the last Annual Security Report to which they apply.

Distribution of the Annual Security Report

The Annual Security Report is distributed annually on or before October 1st of each year. Platt College compiles this Annual Security Report based on crime, arrest and referral information obtained from local law enforcement agencies and as reported to Platt College's designated Campus Security Authorities. This report contains three years of campus crime statistics and campus security policy statements. All crime statistics contained in this report are for Clery Act reportable crimes occurring on the campus, as defined by 34 C.F.R. § 668.46(a), and on public property, including thoroughfares, streets, sidewalks, and parking facilities, within the campus or immediately adjacent to or accessible from the campus. As defined, the public property must satisfy three conditions: (1) public (e.g., publicly-owned); (2) within or immediately adjacent to campus; and (3) accessible from campus. This definition excludes any private property. The Report also includes Platt College's current policies required pursuant to the current version of 34 C.F.R. § 668.46 and the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act ("Clery Act"), as amended by the Violence Against Women Reauthorization Act of 2013 ("VAWA"), Pub. Law 113-4.

The Annual Security Report is available via direct link on the Platt College website, www.plattcollege.edu/disclosures. New students are provided the Annual Security Report during New Student Orientation by receiving an Annual Security Report Handout which includes a QR code with a direct link to the Annual Security Report published on our website. New students are also notified during orientation, which is led by Career Services. New students are also notified they may request a paper copy at any time from the front desk, Academic Dean or Campus President. Continuing students are notified by flyers, email notifications, classroom announcements including Canvas, and the student intranet no later than October 1st of each year. These notifications include any of the following: a complete copy of the most current Annual Security Report, and/or a direct link to the Annual Security Report on our school website as well as a description of the information contained within the document. Students are also made aware that there is also a paper copy available upon request. Continuing student distribution is completed by the Coordinator of Student and Academic Affairs no later than October 1st of each year.

New employees receive an electronic copy during their on-boarding process. They are also informed of the availability of a paper copy at the front desk. Continuing employees are notified by flyers, messages on their check stubs and a posting on the employee intranet. All employee notification take place on or before October 1st of each year. Platt College is committed to maintaining a safe and secure learning and working environment for all students and employees in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). All members of the Platt College community are encouraged to report all criminal actions, accidents, injuries, or other emergency incidents to those individuals that have been designated as campus security authorities. The Platt College Annual Security Report is intended to provide information about security on campus including: crime statistics on-campus and for public property surrounding the campus, policy information, crime prevention program information, safety tips, resource phone numbers, and a brief overview of the services provided by the institution. Information in this report is compiled from information provided by campus security authorities as described below.

Reporting

Campus Security Authorities

Students and staff are encouraged to report all criminal offenses and emergencies to one of the individuals who is a campus security authority (CSA). Anyone designated as a campus security authority will be able to assist a victim in filing a police report. The information will also be included in the campus crime statistics. At that time, Platt College will also determine whether there is a need for a timely warning to the entire campus or, in the case of an emergency, Platt College will determine whether an emergency notification should be issued.

If the individual who is reporting the crime is a victim and wishes that his/her identity remain confidential and desire no further investigation, the individual must inform the CSA to whom the crime is being reported. If confidentiality has been requested, the CSA will gather sufficient information to allow Platt College to implement crime alerts, if warranted, and to include the information in the statistical records maintained by Platt College.

The person designated to collect Clery information for Platt College is:

Isabel Cuen
Coordinator of Student and Academic Affairs
icuen@plattcollege.edu
951-236-7704

Campus Security Authority Defined

Federal regulations provide that a campus security authority (CSA) includes: (i) campus police or security personnel; (ii) individuals with security-related responsibilities; and (iii) individuals or organizations identified in institutional security policies as an individual or organization to which students and employees should report criminal offenses. The definition at 34 C.F.R. 668.46(a)(iv) states that a CSA also includes any official “who has significant responsibility for student and campus activities, including but not limited to, student housing, student discipline and campus judicial proceedings.”

The following individuals are defined according to the Clery Act as Campus Security Authorities for Platt College.

Title	Name	Email
Campus President	Brad Janis	bjanis@plattcollege.edu
Academic Dean	Thomas Leveillee	tleveillee@plattcollege.edu
Human Resources Manager	Monica Sandoval	msandoval@plattcollege.edu
Each one can also be reached at: (714) 333-9606		

CSA Responsibilities

Any CSA who becomes aware of a Clery reportable crime must document the incident fully and notify the Vice President of Academic and Regulatory Affairs immediately. The following information must be reported for all Clery reportable crimes:

- The details of the incident(s) – sufficient to properly classify the type of crime
- The location of the incident
- The date and time of the incident
- The date and time the CSA was advised of the crime

In the event an incident involves an ongoing imminent threat to the College, the CSAs are directed to call 911.

Persons Exempt from Reporting Clery-Reportable Crimes

The Clery Act excludes the following persons from Clery reporting requirements when the person is operating in the course and scope of their license:

Pastoral Counselor – a person who is associated with a religious order or denomination and is recognized by that religious order or denomination as someone who provides confidential counseling within the scope of their position as a pastoral counselor.

Professional Counselor – a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

However, Platt College does not employ Pastoral or Professional Counselors.

Campus Law Enforcement

Platt College does not employ campus police. Platt College will assist in notifying appropriate law enforcement authorities if a student requests assistance in contacting police. Students, faculty, and staff are encouraged to accurately and promptly report all crimes and public safety related incidents.

If you are a victim of or witness to a crime and do not want to pursue action through Platt College's procedures or the criminal justice system, Platt College encourages you to consider reporting the incident to a CSA for the limited purpose of permitting Platt College to include the incident in its crime statistic reporting without revealing your identity. With such information, Platt College can keep an accurate record of the number of similar incidents, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Platt College will make best efforts, to the extent permitted by law, to maintain the privacy of that information and to comply with the Family Educational Rights and Privacy Act of 1974 (FERPA). Police reports are public records under state law, Platt College cannot hold reports of crime obtained from police records in confidence. Policies with respect to victims of sexual violence are contained in the Title IX section of this report.

Reporting Emergencies and Crimes

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents in an accurate and prompt manner.

Platt College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place and are regularly tested and re-evaluated for their effectiveness.

The following information, in compliance with Federal, State, and local statutes discloses the policies and procedures regarding campus security, as well as pertinent statistics reflecting incidents occurring on campus. This information follows the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (amended in 1992, 1998, 2008, and 2013).

Campus Crime & Incident Reporting Form Procedures

The Campus Crime & Incident Reporting Form will be used to record the occurrence of a crime or incident, the type of crime or incident that occurred and whether an arrest was actually made. A copy of the Campus Crime & Incident Reporting Form is maintained in the Academic Dean's office in a file labeled Campus Crime & Incident Reporting Forms. Additionally, each crime or incident must be documented in the Campus Crime & Incident Log.

Procedures for Campus Crime & Incident Reporting Form

The Campus Crime & Incident Reporting Form is to be used to report all crimes and incidents on campus. Clery crimes to be reported are criminal homicide, murder, non-negligent manslaughter, negligent manslaughter, sex offenses including rape, fondling, incest, robbery, aggravated assault, burglary, motor vehicle theft, arson, arrests/referrals for disciplinary action for liquor law violations, arrests/referrals for disciplinary action for drug law violations, arrests/referrals for disciplinary action for illegal weapons possession, larceny-theft, simple assault, intimidation, destruction/damage, vandalism of property, dating violence, domestic violence, stalking, and statutory rape. Also reported are hate crimes reported by categories of bias (i.e., race gender, gender identity, religion, sexual orientation, ethnicity, national origin, and disability. Not all Clery crimes listed above fall under the hate crime category). Each crime is to be recorded on a Campus Crime & Incident Reporting Form irrespective of whether an arrest is made. All reports must be entered into the log within two business days of the reported information. The log includes the nature, date, time, and general location of each crime as well as the disposition of the complaint, if known.

As incidents are reported, the supporting documentation from the Campus Crime & Incident Reporting Form are kept on file and entered into the Campus Crime and Incident Log. Platt College will withhold information from the public log ONLY if there is clear and convincing evidence that the release of the information would –

- Jeopardize an ongoing criminal investigation or the safety of an individual;
 - Cause a suspect to flee or evade detection; or
- Result in the destruction of evidence

The information on criminal offenses and arrests is updated on an annual basis by the Coordinator of Student and Academic Affairs. Statistics include those reported to local law enforcement agencies and designated campus officials (including but not limited to directors, deans, program chairs, faculty and staff). Each summer, the Coordinator of Student and Academic Affairs reaches out to local law enforcement agencies to obtain the statistics. The Coordinator of Student and Academic Affairs retains copies of the correspondence with the local law enforcement.

Response to Reports of Crime or Emergency

Upon receipt of a report of a crime or emergency, the Campus President or other CSA will:

- Immediately assess, based on his/her own judgment or after consultation with other the Platt College employees, whether the situation warrants contacting 911 and/or following the emergency response and evacuation procedures.
- Immediately assess, based on his/her own judgment and/or after consultation with other Platt College employees or the local police, whether a “timely warning” to the campus community should be issued pursuant to the Timely Warning policy.

With regard to a reported incident that is or may be a sex offense, immediately contact Platt College’s Title IX Coordinator who has authority to evaluate and respond in accordance with the Title IX policy.

For Immediate Police, Fire, or Medical Response Dial 911

By Federal law, all criminal actions, accidents, injuries, or other emergency incidents occurring on campus must be reported to the proper campus security authorities and to appropriate outside agencies immediately. Platt College encourages accurate and prompt reporting of all crimes to the campus security authority and appropriate police agencies, when the victim of a crime elects to, or is unable to make such a report.

Platt College does not have on-campus police. Platt College does not have a formal relationship with local law enforcement agencies by way of written memoranda of understanding, etc.; however, we do have an informal relationship with local enforcement agencies. From time to time, the local police and sheriff office’s staff offer self-defense training as well as crime prevention workshops for the students and employees. Platt College does, in good faith effort, contact local law enforcement agencies (each summer) to obtain data on Clery Act crimes that occur on or near the campus. Not all agencies respond to our requests for data.

Platt College does not offer student activities at non-campus locations. Therefore, there is no monitoring or recording through local police agencies of criminal activities off-campus.

Clery Geography

On-Campus: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including any building or property that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

Platt College crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to Platt College's geography.

Timely Warning Notifications

Emergency Notifications

Emergencies are unexpected events which must be dealt with urgently to protect the health and safety of others. Upon determination of an emergency, without delay and considering the safety of the students, faculty and staff, Platt College will determine the content of the notification and initiate an emergency alert, unless issuing a notification will, in the professional judgment of the CSA or Campus President or other responsible authority, compromise efforts to assist victims or to contain, respond to or otherwise mitigate the emergency.

Platt College will immediately issue an Emergency Notification to the College campus once confirmation has been received by the CSA of any significant emergency or dangerous situation involving an immediate threat to the health or safety of students, staff or faculty. The Campus President and/or Academic Dean will access available sources of information from other campus administrative staff and local authorities to confirm the existence of the danger and will respond by initiating an Emergency Notification without delay. The Campus President in conjunction with the Vice President of Academic and Regulatory Affairs will determine who should be notified, the content of the notification, and initiate the notification system. The notification will target the specific portions of the impacted campus location(s), unless issuing a notification will, in the professional judgement of responsible authorities compromise efforts to assist a victim or to contain or respond to an emergency.

An Emergency Notification may be issued in one or more of the following methods to students, staff, faculty, and the larger community as needed:

- Press Releases
- Crime Advisories
- Campus web pages
- Local Media- newspapers, radio, television broadcasts
- Posting on campus
- Text messaging or E-mail Blast
- Individual distribution
- Class announcements

Emergency Notifications will be sent to all students, faculty and staff unless it is clear the event is limited to a specific area of the campus. Depending on the situation, additional alerts will be disseminated as information becomes available. If deemed necessary, Platt College will notify the local police, fire, public health agency, or other appropriate first responder to assist with the emergency. Local authorities will determine when and if it is necessary to notify the surrounding community.

Campus-wide Emergency Notifications may only be issued by the following authorized individuals:

- Campus President
- Vice President of Academic and Regulatory Affairs
- Coordinator of Student and Academic Affairs

Test of Emergency Notification System and Evacuation Procedures

Platt College will conduct an annual test of the Emergency Alert notification system. Each test of the emergency notification system and emergency evacuation procedure will be documented with a description of the exercise, the date, time, and whether the test was announced or unannounced. Evacuation procedures begin on page 13 of the Annual Security Report. Documentation and results from these annual tests will be kept in the Campus President's office, flyers will be posted on campus in common areas notifying students, faculty and staff of the results of all drills.

Timely Warnings

In accordance with 34 CFR 668.46(e), timely warnings are issued to the campus community on crimes that are:

- Reported to Campus Security Authorities and Mandatory Reporters.
- Included in and defined by Clery Act reporting, and
- Considered by the college to represent a threat to students and employees.

Platt College will issue a Timely Warning to the entire Platt College campus when a Clery reportable crime occurs on campus or in an area surrounding the campus when the Vice President of Academic and Regulatory Affairs or other senior level official determines that the situation represents a serious or continuing threat to the students, staff and faculty. The decision to issue a Timely Warning will be made on a case-by-case basis.

Emergency Notifications or Timely Warning: Understanding the Difference

	Emergency Notification	Timely Warning
Recipients	The entire campus or a Subset group	The entire campus
Triggering Incident	Any event that is currently Occurring on or imminently Threatening the safety and security of the campus community	Clery reportable crimes That have already occurred But are believed to present an ongoing threat to the community
Timeline for sending a Message	As soon as first-responders confirm significant emergency or dangerous situation	As soon as pertinent information is available

General Campus Safety

Accessibility to Facilities:

The campus facilities are accessible to members of the campus community and visitors during normal business hours Monday through Friday, and for certain classes and special events over the weekend. Access during non-business hours must be coordinated through the office of the Campus President. Exterior doors are locked and secured each evening by designated campus staff. Buildings are secured according to factors such as evening hour class times and library hours.

We ask that you stay aware and avoid circumventing policies that are meant to preserve your safety and that of others.

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each Department Supervisor is responsible for assuring his/her area is secured and locked.

Employees must adhere to policies stated in the Policies and Procedures Manual regarding unauthorized access to school facilities, theft of, or damage to, school property, or other criminal activity. Violation of these policies may lead to termination.

Students must adhere to the Student Conduct and Discipline policies listed in the school catalog and Student and Consumer handbook, which include statements regarding theft of, or damage to school property, and any other criminal activity that occurs within campus buildings or on the grounds. Violations of these policies may lead to permanent suspension.

All individuals entering the building, who are not current students or staff, must check in with the front desk receptionist. Employee and student identification cards may be used to verify the identity of persons suspected to be in the building without permission.

Platt College does not maintain residence housing, therefore, there are no policies regarding campus residences stated here.

Platt College encourages all students, faculty and staff to take an active role in their own security and the security of others. Stay informed, report suspicious behavior to a CSA immediately and participate in all Platt College sponsored safety and crime prevention events and trainings that happen annually throughout the year.

Platt College does not maintain any non-campus locations for student organizations; therefore, there are no monitoring activities at non-campus locations.

Platt College conducts all maintenance of campus facilities during times of expected low population. If relocation of students, staff or faculty are needed notifications will be provided prior to the scheduled maintenance. Maintenance could include any combination of the following: lighting, plumbing, building repairs (painting, carpet cleaning) etc.

Building Closures

Closure of campus facilities during periods of inclement weather, power outage, or other emergencies will be determined by the Campus President or his/ her designee. The decision to close will only be made under those extreme conditions which pose an immediate health/safety hazard to members of the campus community. Conditions which may require the closure of the facilities may include (but are not limited to) hazardous weather conditions (tornadoes, etc.) flood, fire, chemical spills, civil unrest, or other emergencies.

The options for closure are:

- a) Closed for the day and evening
- b) Close at 4pm

Weather-related closure decisions will be made as early as possible to permit adequate communication to all affected parties. Authorized individuals will notify the media to publicize the closure. Students, faculty and staff should check with local TV stations: KTLA and ABC7. Students can also log into the Student Intranet for current information regarding the campus and campus safety. Faculty and Staff can access the Employee Intranet for current information regarding the campus and campus safety.

Building Lock-downs:

In the event imminent danger inhibits staff and students from leaving the safety of the building/classroom they are in; the following procedures will be followed:

- Campus security authorities determining that there are precautionary reasons to order a lock-down will give the command via the phone intercom or other campus announcement system.
- Campus facilities staff will lock exterior entrances. Students and staff are to remain in the classrooms they were in. Students and staff that were in common areas should proceed to the closest classroom. Each faculty member will make certain that their classroom remains secure, with classroom doors secured and lights turned off.
- No one should allow access to the building once it has been secured, as this will compromise the safety of those inside.
- All individuals should stay away from doors and windows, stay quiet, and keep movement to a minimum.
- Building occupants are free to leave the location they were in ONLY when they have been told to do so by faculty, and/or police or facilities staff has given the “all-clear” signal.

Walking Around Campus

- Familiarize yourself with the layout of the campus.
- Plan the safest route to your destination; choose well-lit, busy pathways and streets.
- At night, stick to well-lighted areas whenever possible and avoid alleyways or "short cuts" through isolated areas.

- Travel in groups when walking at night.
- If followed, change direction and go to the nearest business or safe place and call the police. Note the description of the person.
- Walk near the curb and avoid shrubbery or other places of potential concealment.
- Stay alert to surroundings and the people around you.
- Carry your purse close to your body and keep a firm grip on it.
- Carry your wallet in an inside coat pocket or front pant pocket.
- Keep keys separate from your purse or backpack.
- Don't overload yourself with bags or packages
- Avoid wearing shoes that restrict movements.
- Be aware, stay alert, and report suspicious activity to a CSA.

In the Campus Buildings

- Do not prop any security or exterior doors open to allow unescorted visitors into the building.
- Report lost or stolen keys immediately to the Front Desk.
- Report any malfunctioning security system, locks, doors or windows to a CSA or the Front Desk.
- Do not leave keys lying around in a room when not in the room.
- Report any suspicious persons or activities to a CSA.
- Secure valuables and engrave expensive items with identifying information.
- Do not leave identification, keys, wallets, or other valuables in open view, unattended, or unsecured.

Motor Vehicle Safety

- Park in well-lit areas so your vehicle is visible
- Keep all valuables out of sight. Remove or place CD players/cases, etc., in the trunk.
- Keep the vehicle locked and close windows at all times when parked.
- Unlock vehicle only when you are in reach of your door.

Safety Tips

- Stay alert of surroundings.
- If uncomfortable, leave right away.
- Keep both eyes and ears open and your hands free.
- Choose busy streets and avoid going through deserted areas.
- At night, walk in well-lit areas whenever possible.
- Try not to walk alone. Take a friend or walk in a group.
- Avoid carrying large sums of cash.
- When in public spaces, keep valuable items including jewelry, mobile phones, and wallets out of sight.
- Avoid returning to campus after dark or walk in groups to and from buildings.

Suggestions to Reduce Risk of Sexual Violence

- There is strength in numbers or group dates. Go to parties or clubs with a friend and be responsible for each other. Don't split up. Have a preplanned signal to let your friend know that you want to leave or need help.

- Control alcohol. Drink responsibly or not at all, especially on first dates.
- No substance abuse.
- Know your limits. It's never too late to say "no." Don't be embarrassed or ashamed to say "no" or ask someone to stop.
- Verbalize expectations. Be upfront. Talk about sexual boundaries. A potentially embarrassing conversation could save you from a traumatic situation.
- Trust your gut instinct. Guard your personal space. If someone makes you uncomfortable, leave the situation.

Bystander Intervention

The role of a bystander (witness, defender or bystander) can be vital in crime prevention. Platt College supports Bystander Intervention and believes that important components of Bystander Intervention are:

- Awareness – heighten awareness of what is happening around you
- Sense of Responsibility – As a bystander, understanding that you are empowered to help your fellow classmates in their time of need by notifying a CSA or other local law enforcement agency as needed.
- Weighing pros and cons – Being able to understand the pros and cons of getting involved in a potentially risky situation
- Confidence – Individuals that feel more confident are more likely to get involved and help others.

As a bystander, if you see something that concerns you, please speak with a CSA on your campus to have your concerns addressed.

Policy Statement:

Platt College expressly prohibits crimes of dating violence, domestic violence, stalking, sexual assault, attempted sexual assault, and all other sexual offenses on any campus owned property, or at institutionally sponsored events or supervised activities. The Federal Bureau of Investigation's National Incident Reporting System of the Uniform Crime Report defines a sex offense in general as:

Any sexual act directed against another person, forcibly and/or against the person's will: or not forcibly or against the person's will where the victim is incapable of giving consent.

Penalties for violations of this policy or the internal policies of Platt College by employees or students may include termination or expulsion for instances of sexual assault or attempted sexual assault, and lesser penalties, including suspension, probation and assessment of financial penalties for other offenses, as appropriate.

Platt College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Platt College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

To Report Sexual Misconduct:

Procedure for Reporting If you believe that you have experienced or witnessed sex discrimination (including sex-based harassment or retaliation), the College encourages you to notify the Title IX Coordinator, or another responsible employee as soon as possible after the incident. A report may be made to either or both the police and the Title IX Coordinator.

The criminal process is separate from the College's Title IX Grievance Procedure. Resources for reporting to local law enforcement can be found here <https://plattcollege.edu/disclosures/> in the Annual Security Report.

A report provides notice to the College of an allegation or concern about sex discrimination and provides an opportunity for the Title IX Coordinator to provide information, resources, and supportive measures. A complaint provides notice to the College that the complainant would like to initiate an investigation. A complainant or individual may initially make a report and may decide at a later time to make a complaint.

A College employee who either has authority to institute corrective measures on behalf of the College or has responsibility for administrative leadership, teaching, or advising are considered mandatory reporters and are expected to promptly report all known details of actual or suspected sex discrimination to the Title IX Coordinator. All other employees are expected to promptly report all known details of actual or suspected sex discrimination to the Title IX Coordinator or provide the Title IX Coordinator's contact information to the individual making the report.

**Title IX Coordinator: Megan Clifton – Vice President of Academic and Regulatory Affairs,
6465 Sycamore Canyon Blvd. Suite 100 Riverside, CA 92507, (951)572-4300;
mclifton@plattcollege.edu.**

Mandatory reporting may be suspended during a public awareness event. A Title IX Coordinator is not obligated to act in response to information provided by a person during a public event to raise awareness about sex discrimination or sex-based harassment that is on campus or through an online platform sponsored by the College, unless the information indicates an imminent and serious threat to the health or safety of a complainant, any students, employees, or other persons.

An individual who seeks completely confidential assistance may do so by speaking with professionals who have legally protected confidentiality. Confidential reporting resources, such as pastoral or professional counselors do not generate reports to the Title IX Coordinator. The College does not employ confidential employees. Local crisis, mental health and victim resource hotline information is available in the Academic Dean's Office. Information shared with confidential resources will not be shared with the College (including the Title IX Coordinator) or anyone else without express, written permission of the individual seeking services unless required by law or court order.

Investigations

In response to complaints of sexual misconduct, the College will reach prompt and equitable resolution through a reliable and impartial investigation of complaints. The Title IX Coordinator will communicate with both the reporting party and responding party. Both parties will receive equal opportunity to provide information, witness statements, evidence, and other information that may be necessary for the Title IX Coordinator to fully evaluate the alleged offense. Both the reporting party and the responding party will be afforded equitable rights and access during the investigative process. The College may not require a reporting party to participate in a formal investigation that he or she has initiated.

Generally, this investigation will consist of interviewing the reporting party, the responding party, and any witnesses. The Title IX Coordinator will, barring extenuating circumstance, complete the investigation and decide regarding any necessary discipline of the responding party and remedies to reporting party within sixty (60) days of the date that the report is first received by the Title IX Coordinator. Each party will be presented with the results of the investigation before the Title IX Coordinator finalizes disciplinary action—giving the parties the opportunity to respond to the investigative report in writing in advance of a decision. In the event of a delay, the Title IX Coordinator will provide written notice to the reporting party and the responding party explaining the reason for the delay. If there is a conflict of interest between the Title IX Coordinator and the reporting party/responding party, an alternative trained individual will conduct the investigation and determination (including disciplinary sanctions).

Both parties will receive simultaneous written notification of any disciplinary proceeding, if necessary, and the outcome of the complaint, including notification that the investigation results are final. Determination notices will be placed into the files of any student or employee. The Title IX Coordinator will determine if the incident is indicative of a systemic issue and, if so,

work with the College staff to recommend changes to College policies, procedures or training to prevent re-occurrence.

To initiate a criminal investigation, reports of sexual violence should be made to “911” or local law enforcement. The criminal process is separate from the College’s investigation and disciplinary process.

Requests for Confidentiality:

If you would like Platt College to maintain your confidentiality, Platt College will limit who has access to the proceeding and review, however Platt College cannot guarantee complete confidentiality. Platt College will take all steps possible to protect the confidentiality of the victim and other involved parties, however Platt College cannot guarantee complete confidentiality. In cases where a student does not give consent for an investigation, the College will weigh the student’s request for confidentiality against the impact on College safety to determine whether an investigation must proceed. Complainants should be aware that in a formal investigation due process generally requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment.

Interim Measures:

Prior to or during an investigation, the College will provide interim measures, as necessary. Interim measures are individualized services offered, as appropriate, to either or both the reporting and responding parties involved in an alleged incident of sexual misconduct. Platt College will provide written notification to about options for, available assistance in, and how to request changes in academic situations, living, transportation and working situations or protective measures, where appropriate. Such changes will be accommodated, whenever possible, regardless of whether the victim chooses to report the crime to a campus security authority or local law enforcement. The Title IX Coordinator will inform victims of their options and available on-campus assistance and resources that will be made available in these situations.

Interim measures should be individualized and appropriate based on the information gathered by the Title IX Coordinator, making every effort to avoid depriving any student of her or his education. The measures needed by each student may change over time, and the Title IX Coordinator should communicate with each student throughout the investigation to ensure that any interim measures are necessary and effective based on the students’ evolving needs.

Disciplinary Action and Possible Sanctions for Sexual Misconduct offenses:

During a campus disciplinary process, both victims and individuals accused of sexual misconduct are entitled to:

- Have an advisor and/ or support person present.
- Simultaneously be notified in writing of the outcome of the proceeding.
- All decisions made during the proceeding will be based on a “preponderance of evidence.” Meaning, more likely than not.

Through the investigation process, if the College determines that unlawful sexual misconduct has occurred, appropriate corrective action will be taken, including steps to prevent recurrence. Any employee determined by the College to be responsible for an act of sexual misconduct will be subject to appropriate disciplinary action, up to and including termination. Remedies for student-related claims may include, but are not limited to, additional training, a restriction on contact, suspension, or termination. In addition, reporting parties who make accusations in bad faith may be subject to equivalent disciplinary action.

Disciplinary actions taken will be determined on a case-by-case basis.

To Prevent Sexual Assault:

Platt College provides ongoing education and awareness of Sexual Assault prevention through the following:

- Scheduled educational webinars offered every year
- Sexual Assault Prevent Pamphlets available on campus
- Information and community resources located in the Student Services Office
- Yes, means Yes – Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time.

The educational programs and campaigns are designed to promote the awareness of dating violence, domestic violence, sexual assault, and stalking.

Student awareness and behaviors are the best prevention, however, and we recommend that every student follow the guidelines below: In recent years, there has been an increase in the use of drugs that impair someone's ability to know what is going on and subsequently make them more vulnerable to sexual assault. "Date rape drugs" can be slipped into your food or beverages at any gathering or social setting. Some things that can be done to reduce the chance that you will unknowingly consume these substances are:

- Always keep your beverage in sight. Don't leave it while going to the bathroom, etc.
- At a club or restaurant, only accept drinks from a server or bartender.
- Avoid group drinks and punch bowls at social events where you don't know all the participants.
- Open your own containers.
-

If you experience the following symptoms, tell someone immediately or go to the hospital:

- Dizziness,
- Vomiting
- Extreme drowsiness
- or any other sudden and unexplained symptoms.

Try to retain a sample of the beverage.

If you are a Victim of a Sexual Assault:

To report a sexual assault, go to a safe place and call 9-1-1. Should you wish assistance in notifying law enforcement authorities, contact the Title IX Coordinator.

The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order. The following guidelines may be helpful:

1. Do not remove clothing worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence.
2. Don't bathe or wash, or otherwise clean the environment in which the assault occurred.
3. Options for pressing charges can be deferred, if you will go to the local hospital emergency room, and ask for an exam and for evidence of the sexual assault to be collected and sealed.

Sex Offender Registration Program for California:

As of October 28, 2002, the State of California (Penal Code section 290) requires sex offenders to register within the state and also register within five working days with a Campus Security Authority at the location where the person is employed, carries on a vocation, or is a student. In addition, such institutions of higher education are required to provide information to their campus community regarding where to obtain law enforcement information concerning such registered sex offenders (Megan's Law sex offenders). A Registered Sex Offender Locator map is available at the following link: www.meganslaw.ca.gov.

How can I search for sex offenders?

Additional information and the sex offender registry are housed on the Office of the Attorney General website. The direct link is:

<http://www.meganslaw.ca.gov/>

Whether public disclosure is permitted is based on the type of sex crime for which the person is required to register. Additionally, not all sex offenders have been caught and convicted. Most sex offenses are committed by family, friends, or acquaintances of the victim.

Education Department

Full-time Instructional Staff: This information is updated and kept current in the College Catalog Addendum- available from the Admissions Office

Academic concerns are to be brought to the immediate attention of your instructor. However, the Department Head and staff of the Education Department are available to assist you with additional matters of concern.

General Grievance Procedure

Students have the right to present problems and complaints. This includes, but is not limited to, charges of discrimination. (It should be noted that a filed complaint would have no adverse impact on a student’s status.) The final authority in all cases rests with the Campus President.

Informal Grievance Procedure

Students are encouraged to follow the listed procedure when addressing CLASS-related complaints:

1. Discuss the issue with your instructor. If you are not satisfied with the resolution within 3 school days, then;
2. Discuss the issue with the Academic Dean. The Academic Dean will advise you immediately of whether they can resolve the issue, or whether you need to escalate the issue to the Campus President. If the issue requires the involvement of the Campus President, please follow the Formal Grievance Procedure explained below.

Students are encouraged to follow the procedures listed below when addressing NON-CLASS-related complaints (school administration issues such as the facility, parking, Financial Aid, Student Accounts, or other Platt College staff or policies):

Formal Grievance Procedure

Step 1:

Within fifteen (15) school days of the date of the event generating the complaint, a student will either:

- a) file a written notice with the Campus President, or
- b) file any complaints to Feedback@PlattCollege.edu

The Student Grievance Form (see sample in Appendix A) may be obtained from the Campus President or Academic Dean. The student's written notice will identify the cause of the complaint, individuals involved (if applicable), the date(s) of occurrence and expected outcomes. The process below will be followed after a written complaint is received.

Step 2:

The Campus President (or his designee) shall respond in writing within five (5) school days regarding the process followed, persons involved and steps taken to try and resolve the grievance.

Step 3:

If the student is not satisfied with the proposed solution, the student may appeal in writing to the Department of Student and Academic Affairs. The Coordinator of Student and Academic Affairs will have five (5) school days upon receipt of the grievance to review the action(s) taken up to that point. The Coordinator of Student and Academic Affairs will either concur with the action taken by the Campus President or offer an additional solution in writing to the student.

Step 4:

In the event the student is not satisfied with the action taken up to this point in the grievance process or upon completion of Step 3, the student may file a complaint with the Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form which can be obtained on the bureau's Internet web site www.bppe.ca.gov

A student may withdraw a complaint at any time during the process by completing the Student Grievance Withdrawal Form that is attached. (Appendix B)

Academic Information

Please see school catalog for specific information on academic programs offered and accrediting information. Additionally, the following programs have more detailed information in their respective Student Handbooks available from the Program Directors: Diagnostic Medical Sonography, Respiratory Therapy, Vocational Nursing, Veterinary Technology and Occupational Therapy Assistant.

Academic Integrity

Students who are suspected of and/or are accused of cheating, plagiarizing, stealing, or aiding a colleague to do the same, or are in any way disrupting the daily operation of the institution or

classroom will be reported to the Campus President and will be subject to disciplinary action. Such behavior may result in academic probation, suspension, or dismissal from the institution and/or legal action.

Class Hours

Although schedules vary, day classes are generally scheduled Monday through Thursday between 7:45 a.m. and 12:45 p.m. Afternoon classes are generally scheduled Monday through Thursday between 12:45pm and 5:45pm. Evening classes are generally scheduled Monday through Thursday between 5:45 p.m. and 10:45 p.m. Friday or Saturday classes or seminars may also be held (for specific programs). Please consult your Program Director for a current schedule.

Textbooks and Materials

Platt College will assist the student in obtaining the textbooks and materials required to complete each course. Some textbooks and/or materials may be designated as “classroom copies.” Damage to these classroom copies will result in additional charges to the student.

Leave of Absence

Platt College offers accelerated programs of study. As such, Leaves of Absence are discouraged, and are only granted for unusual mitigating circumstances. Written requests that are signed and dated and accompanied by all supporting documentation for the Leaves of Absence must be presented to the Academic Dean (or designee) prior to the end of the add/drop period of any module/term the student wishes to take a Leave of Absence. Students requesting a LOA must meet with the Registrar, Academic Dean, Financial Aid Office and Student Accounts Office before their request can be reviewed and considered for approval. A Leave of Absence may be granted for a maximum of 180 days in any 12-month period. The commonly acceptable reasons for a Leave of Absence are: medical emergency (including pregnancy), family emergency, military service. During the leave of absence period, the student is obligated to continue to make their normally scheduled Platt College in-school student payments and maintain contact with campus staff. Students failing to return from a Leave of Absence as scheduled will be withdrawn from Platt College. Students must have successfully completed two modules and be making satisfactory academic progress to be eligible for a Leave of Absence. All requests made for a Leave of Absence after the add/drop period will be treated as a drop request and will be withdrawn from Platt College. The student will be required to re-apply for admission to the program when he/she is ready to re-enroll in Platt College.

Internships/Externships

Students whose programs include an internship/externship or in-house clinic must speak to their Program Director in order to receive full information on the specifics and requirements of the internship/externship or in-house clinic procedure as early in their program as possible. This will provide adequate time to ensure the student has met all the prerequisites of the clinical experience. An Internship/Externship Coordinator is on staff to provide each student with assistance in coordinating his/her internship/externship position.

Students must be aware, however, that clinical experiences are scheduled during daytime hours, regardless of the student's normal school schedule.

Re-entry Policy

Students that are dropped from their program may petition the Campus President for re-entry, but must remedy the issue causing their dismissal prior to starting, and may only be allowed to restart on a space-available basis and for a probationary period to be determined by the Campus President and Academic Dean. All dropped students applying for readmission must wait 30 calendar days or 1 module, whichever is greater from their date of determination before they can re-enroll.

Student Facilities

Handicapped Access

Platt College maintains handicapped parking, handicapped restroom facilities, and handicapped access to its buildings. Additional accommodations must be requested through the Academic Dean through the self-disclosure of ADA conditions as described elsewhere.

Snack Area/Lounge

Platt College provides a lounge and snack area for students. Vending machines are also located within the facilities where students may purchase beverages and snack foods. The lounge facilities are available throughout the day.

The Learning Resource Center

Platt College has a learning resource center (LRC) that is managed by a credentialed Librarian. The purpose of the LRC is to assist staff and faculty in orienting and teaching students to use the current periodicals, standard references, research journals, and other materials relevant to their field of study in successfully meeting the learning objectives for each program.

Learning Resource Center Availability

Internet Access

Platt College provides Internet access to its students in order to make available a vast array of information resources and to allow its students to become familiar with industry standard information and technology. Internet access is a privilege, not a right. Access entails responsibility. Access to the Internet is a valuable and limited resource. Students are expected to place a premium on the quality of its use and not take up valuable bandwidth and access time to pursue frivolous ends. Therefore,

- Students shall not use the Internet to annoy or harass others with language, images or other threats.
- Students shall not access or create any obscene or objectionable information, language or images.
- Students will refrain from downloading ANY copyright-protected material without paying related costs and/or registration fees.

19. To comply with the rules and regulations as set forth in the school's catalog as well as those posted on the school specific website: www.plattcollege.edu and notification boards, or otherwise distributed to students. Such published rules and regulations shall supersede those in the catalog in the event of a conflict of policy.
20. In addition to the foregoing, the student agrees to use his/her best effort to comply with the school's rules and regulations pertaining to grades. A student is eligible for graduation if:

- College disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of this Student Conduct Code.
- Any person may file a written complaint against a student's misconduct or threatening behavior to the Campus Security personnel or anonymously on an Incident Report. All student complaints will be investigated by designated campus security personnel in conjunction with The Vice President of Academic and Regulatory Affairs.

Smoking Areas

Smokers are to use designated smoking areas outside the building, at least 25 feet from any building entrance. E-cigarettes are not allowed in-doors. Any student wishing to use an e-cigarette must follow the same guidelines.

Please dispose cigarette butts in their proper receptacles.

Attendance

Attendance is taken each day at Platt College. Attendance is tracked by the quarter hour. These increments accumulate over the length of the module and are added together to determine the total number of hours a student is absent. Students are responsible for notifying their instructor, Registrar and/or the Academic Dean if they are going to be absent from school. Students are encouraged to make non-school personal appointments at times that will not conflict with their scheduled classes. Platt College does not have an excused/unexcused absence policy. Students are responsible to attend all scheduled class sessions.

Students that are absent from school for fourteen (14) consecutive calendar days (excluding scheduled campus wide breaks that are greater than 5 days, and holidays) will be discontinued from their program for non-attendance at the end of day 14. Students will receive the appropriate grade of an F or W in accordance with Platt College's F/W policy. Students receiving Veterans Administration benefits who violate any provision of the attendance policy will have their Veteran's Benefits interrupted and the DVA will be notified. The Vice President of Academic and Regulatory Affairs reserves the right to make final determinations based on the extenuating circumstances presented.

When determining DOD, the following must be followed: Students absent fourteen (14) consecutive calendar days (excluding scheduled campus-wide breaks, such as holidays, greater than 5 days) will be the DOD.

Additional, program-specific attendance requirements are listed in the course syllabus and may also be found in the Veterinary Technology, Diagnostic Medical Sonography, Vocational Nursing and Respiratory Therapy Student Handbooks. These handbooks are available through their respective Program Directors.

Absence from Exams

Students failing to attend on the day of an exam will receive a failing grade on that exam, unless if they have extraordinary circumstances, and they submit a request for attendance policy appeal, with relevant documentation, to the Program Director or Academic Dean as directed by the relevant program Handbook. Under extraordinary circumstances, the Academic Dean may accommodate a student's absence, provided adequate documentation can be produced. If accommodation is approved by the Academic Dean, the student must make arrangements with their instructor(s) for a make-up exam immediately upon their return to the institution if not sooner.

Satisfactory Academic Progress (SAP)

Students are expected to maintain satisfactory academic progress while enrolled at Platt College. Satisfactory academic progress includes maintaining a minimum Cumulative Grade Point Average (CGPA) and Program Completion Rate at the end of each evaluation period. The student is expected to complete his/her program within 150% of the normal time frame. The complete policy can be found in the Platt College Catalog.

Student Identification Cards

Student Identification cards are required to be displayed at all times when on Platt College property. Platt College staff photographs students for their ID cards. If visitor passes are used they must be returned when signing out and or leaving premises.

Cellular Phones

The use of cell phones is prohibited in the classroom. Cellular phones and beepers must be turned either to vibrate or completely off. Use of these devices in a classroom is considered disruptive behavior and continued disregard of this rule may result in disciplinary action.

Computer Classrooms

Eating and/or drinking are prohibited in the computer classrooms. You are expected to notify your instructor immediately of any technical issues with computers or lab equipment of any kind. Each instructor may have their own classroom conduct policies, which will be provided along with the course syllabus on the first day of class.

Financial Aid Services and Information

We believe that the information contained in this guide is accurate at the time of publication. However, as regulations may change, some of the information contained in this guide is subject to change, and federal funding amounts may change during the course of your academic career at Platt College. Please contact the Financial Aid Office if you have questions or concerns.

What financial aid is available?

Need Based Funds:

Federal Pell Grants are available to those who qualify. These grant funds are awarded to students who demonstrate financial need as evidenced by a comparison of the Student Aid Index (SAI) based on the information provided on the Free Application for Federal Student Aid (FAFSA) and Platt College's cost of attendance. * These grant funds do not need to be repaid, unless you are over awarded. There is a lifetime limit of 600% eligibility for these funds. Pell Grants are only eligible to undergraduate students who have not completed a Bachelor's Degree or higher. \$7395 is the maximum amount for 2025-2026 Pell Grant.

Calculating Pell Grant Lifetime Eligibility Used

The amount of Federal Pell Grant funds a student may receive over his or her lifetime is limited by a new federal law to be the equivalent of six years of Pell Grant funding. Since the maximum amount of Pell Grant funding a student can receive each year is equal to 100%, the six-year equivalent is 600%.

How is my Pell Grant Lifetime Eligibility Used calculated?

Scheduled Award: The maximum amount of Pell Grant funding you can receive is calculated for an "award year." An award year is a period of 36 quarter credit hours or 3 terms of full-time enrollment. Your "scheduled award" is partially determined by using your Student Aid Index (SAI) that is calculated from the information you (and your family) provided when you filed your FAFSA. Your scheduled award is the maximum amount you would be able to receive for the award year if you were enrolled full-time for the full school year. Your scheduled award represents 100% of your Pell Grant eligibility for that award year.

Percent Used: To determine how much of the maximum six years (600%) of Pell Grant you have used each year, the Department compares the actual amount you received for the award year with your scheduled award amount for that award year. Of course, if you receive the full amount of your scheduled award, you will have used 100%. Some students do not receive their entire scheduled award for an award year. There are a number of reasons for this, the most common of which are that the student was not enrolled for the full year or that the student was not enrolled full-time, or both.

If you did not receive the full amount of your scheduled award, we calculate the percentage of the scheduled award that you did receive. For example, if your scheduled award for an award year is \$5,000, but because you were enrolled for only one semester you received only \$2,500, you would have received 50% of the scheduled award for that award year. Or if you received only \$3,750 for the award year because you were enrolled three-quarter-time and not full-time, you would have received 75% for that year.

Lifetime Eligibility Used (LEU): The Federal Department of Education keeps track of your LEU by adding together the percentages of your Pell Grant scheduled awards that you received for each award year. You can determine how much Pell you have used and what you have remaining at www.studentaid.ed.gov.

FSEOG Grants are available to those who qualify. These grant funds are awarded to students who demonstrate financial need as evidenced by a comparison of the Student Aid Index based on the information provided on the Free Application for Federal Student Aid (FAFSA) and Platt College's cost of attendance. * These funds do not need to be repaid, unless you are over awarded. FSEOG funds for an award year will be awarded to students with the lowest Student Aid Index (SAI) with priority given to Pell Grant recipients in that award year. The award amount could range from \$200 to \$600 per academic year at Platt College based on its allocations.

Federal Work Study is available to those who qualify. These funds are awarded to students who demonstrate financial need as evidenced by a comparison of the Student Aid Index based on the information provided on the Free Application for Federal Student Aid (FAFSA) and Platt College's cost of attendance. * The Federal Work Study Program (FWS) is a Campus-Based program. To receive FWS, a student must be enrolled or accepted for enrollment as an undergraduate student and must meet the general eligibility requirements to be eligible to receive Title IV funds.

Cal Grants are available to those who qualify. These grant funds are awarded to students who demonstrate financial need, which is determined by the results of the Free Application for Federal Student Aid (FAFSA) and the California Student Aid Commission (CSAC) income and asset ceilings limit (please refer to www.csac.ca.gov for more information). These grant funds do not need to be repaid, unless you are over awarded. Both the FAFSA and the Cal Grant application must be submitted to the Department of Education and California Student Aid Commission by the deadline of March 2nd. Those that are eligible will be notified prior to the Fall of that same year. For more information, please visit www.csac.ca.gov.

Direct Subsidized Loans are available to undergraduate students with financial need as evidenced by a comparison of the Student Aid Index based on the information provided on the Free Application for Federal Student Aid (FAFSA) and Platt College's

cost of attendance.* Platt College determines the amount you can borrow based on the annual amount as determined in the Higher Education Act and the amount of a student's need., The U.S. Department of Education pays the interest on a Direct Subsidized Loan while you are enrolled in school at least half-time, during the grace period of 6 months after you cease to attend Platt College on at least half time enrollment, and during periods of deferment. Information on annual loan amounts, aggregate loan amounts, interest rates, and a sample repayment schedule is found below.

If you are a first-time borrower on or after July 1, 2013, there is a limit on the maximum period of time (measured in academic years) that you can receive Direct Subsidized Loans. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. If this limit applies to you, you may not receive Direct Subsidized Loans for more than 150 percent of the published length of your program. This is called your "maximum eligibility period." Your maximum eligibility period is generally based on the published length of your current program as described in the Catalog. However, the Consolidation Appropriations Act, 2021 repealed the SULA requirement, effective June 27, 2021. The SULA calculator will no longer perform calculations for loans with an earliest disbursement date on or after July 21, 2021.

Certain types of enrollment may cause you to become responsible for the interest that accrues on your Direct Subsidized Loans when the U.S. Department of Education usually would have paid it. Additional information can be found at <https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized>

Under certain circumstances, you can receive a deferment or forbearance that allows you to temporarily postpone or defer your federal student loan repayments. Postponing or deferring your payments may help you avoid default. Additional information about the annual loan amounts, deferments, and repayment plans are described at www.studentaid.gov

Cost of Attendance is defined at Platt College per academic year of 3 terms, 30 weeks (cost is based upon average expenses comprised from California Student Aid Commission and if the student is living with parents or without parents).

2025-2026

Cost of Attendance per academic year:

	<u>Student not living with parents</u>	<u>Student living with parents</u>
Student tuition	refer to catalog addendum for specific program	refer to catalog addendum for specific program

Student books and supplies	refer to catalog addendum for specific program	refer to catalog addendum for specific program
Student room and board cost	\$22,752	\$11,835
Student transportation cost	\$1,989	\$1,818
Student personal cost	\$5,067	\$4,140

Need is defined as the difference between the Cost of Attendance and the student aid index that is determined by the information included on the student's Free Application for Federal Student Aid (FAFSA), minus any other estimated financial assistance.

When a student is awarded financial aid, he or she is provided with a Budget Worksheet for the length of his or her program and an award letter for each academic year. If the student is otherwise eligible, financial aid is disbursed by crediting the student's account each payment period in which he or she is enrolled after the tuition and fees and books and supplies have been applied to the student's ledger at the beginning of the payment period. Books and supplies are provided to each student at the beginning of each payment period.

Non-need Based Funds:

Direct Unsubsidized Loans are available to undergraduate and graduate students; there is no requirement to demonstrate financial need. Your school determines the amount you can borrow based on your cost of attendance and other financial aid you receive. You are responsible for paying the interest on a Direct Unsubsidized Loan during all periods. If you choose not to pay the interest while you are in school, during grace periods, and deferment or forbearance periods, your interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan). Please visit www.studentaid.gov for more information.

Annual Direct Loan Amounts:

Year	Dependent Students (except students whose parents are unable to obtain PLUS Loans)	Independent Students (and dependent undergraduate students whose parents are unable to obtain PLUS, Loans)
------	--	--

First-Year Undergraduate Annual Loan Limit	\$5,500—No more than \$3,500 of this amount may be in subsidized loans.	\$9,500—No more than \$3,500 of this amount may be in subsidized loans.
Second-Year Undergraduate Annual Loan Limit	\$6,500—No more than \$4,500 of this amount may be in subsidized loans.	\$10,500—No more than \$4,500 of this amount may be in subsidized loans.
Third-Year and Beyond Undergraduate Annual Loan Limit	\$7,500—No more than \$5,500 of this amount may be in subsidized loans.	\$12,500—No more than \$5,500 of this amount may be in subsidized loans.
Subsidized and Unsubsidized Aggregate Loan Limit	\$31,000—No more than \$23,000 of this amount may be in subsidized loans.	\$57,500 for undergraduates— No more than \$23,000 of this amount may be in subsidized loans.

Direct Parent PLUS Loans are available to parents of dependent students who are credit worthy. Platt College determines the amount you can borrow, which is based on the difference between your cost of attendance and other financial aid you receive. The parent is responsible for paying the interest on a Direct PLUS Loan during all periods. If the parent chooses not to pay the interest while you are in school, during grace periods, and deferment or forbearance periods, the interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan). You also have the option to postpone monthly payments towards this loan until the student's graduation date. This loan typically goes into repayment 90 days after the loan has been certified. More information on PLUS Loans is found at www.studentaid.gov

National Student Loan Data System (NSLDS) Any student and/or parent who receives a Federal Loan while attending Platt College, Platt College is required to submit all loan information to the National Student Loan Data System (NSLDS) and will be accessible by guaranty agencies, lenders and schools determined to be authorized users of the data system. More information can be found at www.nsls.ed.gov

Private or Alternative Loans are available to undergraduate students who are credit worthy. Students and parents should avail themselves of any Federal loans that they might be eligible to receive before considering a private or alternative loan. The approved amounts of these loans are based on the applicant's credit. You have the

option to add a credit worthy cosigner to lower your interest rate. These loans typically go into repayment while you are in school. The interest rate and repayment plan are agreed upon between you and the lender. This information is not shared with the school. The borrower and/or co-borrower will receive the Truth and Lending Act disclosures before accepting any private loan. Platt College has a list of lenders for Private and Alternative loans. To qualify for the loan/s, the student must qualify with the lender based on the student's credit rating. These loans require Platt College to certify the student's cost of attendance. Platt College will complete the self-certification form on the lender's website (if approved by the lender) with the amount of the loans not to exceed Platt College's cost of attendance.

Both the Direct Parent PLUS Loan and the Private or Alternative Loans can be used to cover any institutional costs and any indirect costs of attendance components, such as room and board, transportation, and personal expenses, considering any other financial aid available to the student.

Institutional financial assistance programs are also available to those who qualify. There are no credit requirements for institutional financial assistance programs. These are typically offered to students who have financial gaps in their federal funding. Payments start while in school and are offered at 0% during a student's enrollment. If a balance is still owed 6 months after graduation, the interest rate changes to 8% or 4% with a cosigner. The borrower and/or co borrower will receive the Truth and Lending Act disclosures before accepting any institutional financing. Platt College services out the institutional loan to a third-party company named TFC.

All details of the loan and required disclosures will be available to the student during the loan process.

Institutional award funds are available where a student may apply for of up to \$5000. The Institutional award is awarded to students based on financial need (need not to exceed cost of attendance) and a student essay that is included on the application. The application is available from the Financial Aid department and the Academic department reviews and awards the scholarships.

Repayment Charts:

Interest are amounts charged to a borrower for the privilege of borrowing loan funds. Interest is paid to a lender as a cost of borrowing money. Interest is calculated as a percentage of the unpaid principal amount. Unlike other forms of debt, such as credit cards and mortgages, Direct Loans are daily interest loans, which means that interest accrues (accumulates) daily. Depending on whether your loans are subsidized or unsubsidized, you may or may not be responsible for paying the interest that accrues during all periods.

If you choose not to pay the interest that accrues on your loans during certain periods when you are responsible for paying the interest (for example, during a period of [deferment](#) on an [unsubsidized loan](#)), the unpaid interest may be capitalized (that is, added to the principal amount of your loan).

More information on interest and to [learn more about capitalization](#) can be found at <https://studentaid.gov>

The interest rate varies depending on the loan type based on the first disbursement date of the loan. The table below provides interest rates for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS loans first disbursed on or after July 1, 2025 and before July 1, 2026.

Interest Rates for Direct Loans First Disbursed on or After July 1, 2025, and Before July 1, 2026		
Loan Type	Borrower Type	Fixed Interest Rate
Direct Subsidized Loans and Direct Unsubsidized Loans	Undergraduate	6.39%
Direct PLUS Loans	Parents and Graduate or Professional Students	8.94%

All interest rates shown in the chart above are fixed rates that will not change for the life of the loan.

This payment chart below shows interest rates on Direct Stafford Loans and Parent PLUS Loans that are disbursed between 7/1/16 and 6/30/17. Example: If student borrows \$10,000 on 8/1/16 in Direct Subsidized and/or Unsubsidized loan and kept the loan on the standard repayment (default plan), in the course of 10 years (120 payments), the monthly payments would be projected at \$103 a month. If the student made the minimum payment of the \$103 a month, the student would have paid \$2,315 in interest with an interest rate at 3.76%.

Balance at Repayment	3.76%	6.31%
	Direct Subsidized and Unsubsidized Rate	Direct Parent PLUS Rate

	Payment	Months	Interest	Payment	Months	Interest
\$ 1,000	\$ 50	21	\$ 39	\$ 50	21	\$ 65
\$ 10,000	\$ 103	120	\$ 2,315	\$ 115	120	\$ 3,834
\$ 20,000	\$ 205	120	\$ 4,631	\$ 230	120	\$ 7,669
\$ 26,830	\$ 275	120	\$ 6,212	\$ 309	120	\$ 10,287
\$ 30,000	\$ 308	120	\$ 6,946	\$ 346	120	\$ 11,503
\$ 40,000	\$ 411	120	\$ 9,262	\$ 461	120	\$ 15,337
\$ 50,000	\$ 513	120	\$ 11,577	\$ 576	120	\$ 19,171

Any Federal Direct Student Loans first disbursed between 7/1/24 and 6/30/25 has an interest rate of 6.53% for Direct Subsidized and Unsubsidized Stafford Loans and 9.08% for Parent Direct PLUS Loans. All interest rates are fixed rates for the life of the loan.

More information on estimating your payments can be found at <https://studentaid.gov>

Loan fees

Most federal student loans have loan fees that are a percentage of the total loan amount. The loan fee is deducted proportionately from each loan disbursement you receive while enrolled in school. This means the money you receive will be less than the amount you actually borrow. You're responsible for repaying the entire amount you borrowed and not just the amount you received.

The chart below shows the loan fees for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after Oct. 1, 2024.

Loan Type	First Disbursement Date	Loan Fee
Direct Subsidized Loans and Direct Unsubsidized Loans	On or after 10/1/24 and before 10/1/25	1.057%
	On or after 10/1/20 and before 10/1/26	1.057%
Direct PLUS Loans	On or after 10/1/20 and before 10/1/26	4.228%

On or after 10/1/20 and before 10/1/26	4.228%

Loans first disbursed prior to October 1, 2020, have different loan fees.

Scholarships

Platt College has a limited number of institutional scholarships available based on demonstrated need. Inquiries regarding these scholarships should be made to the Campus President. Additionally, many private local organizations offer Financial Aid Programs. Students may contact local organizations such as foundations, religious, fraternal and community organizations, civic groups, and town or city clubs, regarding the availability of Financial Aid Programs. Additionally, the local libraries usually have publications that list various private Financial Aid Programs.

Also available are some free Internet addresses that provide access to over 500,000 national, state, and local scholarship awards. Some of these addresses are listed below:

How do students apply for financial aid?

To begin the Financial Aid process, a student must:

- Be enrolled as a regular student in an eligible program of study on at least a half-time basis (with the exception of Pell and FSEOG);
- Have (and provide proof of) a high school diploma or GED;
- Be a U.S. citizen or an eligible non-citizen. Verification of eligible non-citizen status will be required;
- Have financial need (except for some loan programs) as determined by a need analysis system approved by the Department of Education (by filling out the FAFSA);
- Maintain satisfactory academic progress;
- Complete and submit any of the requested documentation for the verification process and determination of dependency status in a timely manner.

To be eligible to receive federal financial aid, a student must also:

- Have a valid Social Security Number;
- Not have borrowed in excess of the annual aggregate loan limits for the Title IV financial aid programs;
- Sign an updated Statement of Educational Purpose/Certification Statement on refunds and default.

Prospective students must also be aware that:

- Failure to complete and submit any of the financial aid documentation will delay processing and disbursement of eligible funds.
- Any changes in family financial circumstances should be reported immediately to the student's financial aid advisor.
- It is the student's responsibility to report and/or coordinate with the financial aid office any funding received through outside entities.

How is financial aid eligibility determined?

Eligibility for federal financial aid is determined based upon a formula established by the U.S. Congress. The FAFSA form is used to obtain the financial and family information necessary to apply this formula which determines the Student Aid Index (SAI). Where your SAI falls within the SAI range helps your school determine how much financial support you may need. A negative SAI indicated you have a higher financial need. Most federal financial aid is based upon financial need, which is determined based on the cost of attending the institution (tuition, fees, books, supplies, room, board, transportation, and personal expenses) taking into consideration the Student Aid Index calculated using the federal formula. If there are special circumstances (e.g., unusual medical or dental expenses, recent unemployment, recent change in marital status, extraordinary expenses directly related to education), the student or prospective student should notify the Financial Aid Office.

How does the institution distribute financial aid among students?

The Federal Supplemental Educational Opportunity Grant program has limited funding. Therefore, not all otherwise eligible students may be awarded financial aid through this program. Federal Pell Grant eligible students with the lowest Student Aid Index (SAI) will be awarded Federal Supplemental Educational Opportunity Grants (FSEOG) first. If FSEOG funds remain after all Federal Pell Grant eligible students with the lowest Student Aid Index (SAI) have been awarded, FSEOG will be awarded from lowest Student Aid Index (SAI) until remaining FSEOG funds have been awarded. The amount of FSEOG awarded to any student is dependent upon remaining need and available funds.

The remaining financial aid programs are awarded based upon the eligibility criteria for the particular program.

How and when is financial aid distributed?

Financial aid funds are credited to each student's account **the later of the beginning of each term** or when the institution receives the funds.

Students enrolled at PLATT COLLEGE for the first time and who have not previously borrowed through the Federal Stafford Loan Program, will not have their first Federal

Stafford Loan disbursement until 30 days after the beginning of their first term at the College. Students must be enrolled at least half-time at Platt College to receive the funds from the Federal Stafford Loan Program at the time of scheduled disbursement.

If a student's institutional charges have been paid-in-full for the term and financial aid funds remain on the student's account, those funds may be

- a) received by the student to pay other educational expenses (within the loan period or award year) or
- b) with the student's permission, remain on account, to be applied to charges for later terms, or
- c) be returned to the lender in order to minimize total student debt after

graduation. Upon graduation, any remaining funds will be automatically returned to lender.

What are a student's rights and responsibilities for receiving information about financial aid?

A student has the right to receive information about the institution and the financial aid process. This guide attempts to provide you with the information you have a right to receive. If you have any questions, please contact the Financial Aid Office. The Financial Aid Office is open Monday through Thursday from 8:00 a.m. to 7:00 p.m. and Friday from 8:00 a.m. until 5:00 p.m.

In order to receive financial aid, it is your responsibility to:

- Accurately complete and submit all required documents to the Financial Aid Office within the required timeframes.
- Be present for an entrance interview during which information regarding any loans you have been awarded will be provided.
- Remain enrolled at least half-time at Platt College (under specific conditions, less than half time students may receive a Federal Pell Grant).
- Maintain satisfactory academic progress towards a degree or certificate.
 - Notify the Financial Aid Office if financial aid or other fund sources become available that were not previously reported to the Financial Aid Office.

What is the Refund, Cancellation & Termination Policy?

Refund

- Effective 10/7/00, all financial aid (Title IV) recipients who withdraw and have completed 60% or less of the payment period for which they have been charged, are subject to the new federal refund regulations per 34 CFR 667, 682, 685, published November 1, 1999. If the student has received federal student financial aid funds; the student is entitled to a refund of moneys not paid from federal student financial aid funds. Federal regulations state that the amount of a Title IV refund is based on the percentage of Title IV funds earned by the student at the time of withdrawal. Please refer to the school catalog for more information.

Cancellation

- A student has the right to cancel his or her agreement for a program of instruction, without any penalty or obligations, through attendance at the first-class session, or the seventh (7th) day (business days) after enrollment, whichever is later. After the end of the cancellation period, the student also has the right to stop school at any time; and the student has the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the program's current payment period through the last day of attendance. Please refer to the school catalog for more information.

Termination

- The student may withdraw from the school at any time after the cancellation period and receive a pro rata refund if the student completed 60 percent or less of the scheduled hours in the program's current payment period through the last day of attendance. The refund will be less a registration or administration fee not to exceed \$250.00 and less any deduction for equipment not returned in good condition (good condition does not include equipment that a seal is broken, log-on occurred, or is marked or damaged in any way), within 45 days of withdrawal. If the student has completed more than 60 percent of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund. Please refer to the school catalog for more information.

What are the terms and responsibilities related to loan repayment?

When a student accepts a loan to assist with payment of his/her institution charges or other education related expenses, he/she also accepts the responsibilities associated with repayment of the loan or loans. The obligation to repay the loan is not affected by the borrower's degree of success in, or satisfaction with, the program or the institution. As a borrower, a student signs a promissory note, which is a legally binding agreement to repay the loan. The student borrower has the right to the following information:

- The full amount of his/her loan.
- The interest rate.
- When he/she must start repaying the loan.
- The effect borrowing will have on other types of financial aid.
- Any charges he/she must pay (loan fees) and how these fees are collected.
- The yearly and total amounts he/she may borrow.
- The maximum repayment period and the minimum repayment amount.
- An explanation of default and its consequences.
- An explanation of available options for consolidating or refinancing the loan.

*Also, note that a student borrower may prepay his/her loan, without penalty, at any time.

Upon leaving the institution, the student borrower will receive the following information within 30 days:

- The total debt (principal plus interest), the interest rate, and total interest charges.
- Name, address, and telephone number of the holder of the student's loan and where to send payments.
- Fees that may be charged during the repayment period (e.g., late charges).
- An explanation of available options for consolidating or refinancing the loan.
- Each student should understand that even though the lender provides deferment and forbearance options (postponement of payments), **it is the student's responsibility to apply** and while awaiting approval he/she should continue to make payments to avoid delinquency or default.

The student borrower assumes certain responsibilities by accepting a student loan. Among those responsibilities are:

- Repaying the loan(s) according to the terms of the promissory note.
- Making scheduled payments even if a bill or repayment notice is not received.
- Continuing to make payments until notified that deferment or forbearance has been granted.
- Notifying the institution and lender when a student borrower graduates or withdraws from the institution; drops below half-time status; changes his/her name, address, or social security number; or transfers to another school.
- Appearing for an entrance interview when entering the institution and an exit interview when leaving the institution.

In addition to being an obligation, failure to repay a student loan can have serious consequences. If a borrower defaults on a student loan, the consequences may include:

- The defaulted loan balance will be reported to major credit bureaus which may impact the ability to obtain future credit.
- The defaulted loan balance may be collected from federal and state income tax refunds, garnished wages, and/or state lottery winnings.
- The student borrower is ineligible for any additional Federal financial aid funds.

How does satisfactory academic progress affect my eligibility for financial aid?

Students are expected to maintain satisfactory academic progress while enrolled in their program at Platt College, which means that students must maintain a minimum Cumulative Grade Point Average and progress at a pace that would allow the student to successfully complete his or her program. Students must successfully complete their program within 150 percent of the normal time frame. The complete policy is available in the Platt College Catalog.

Return of Title IV Funds

All institutions participating in the SFA Programs are required to use a statutory schedule to determine the amount of SFA Program funds a student has earned when he/she ceases attendance based on the period the student was in attendance.

The Higher Education Amendments of 1998, in general, require that if a recipient of SFA Program assistance withdraws from a school during a payment period or a period of enrollment in which the recipient began attendance, the school must calculate the amount of SFA Program assistance the student did not earn, and those funds must be returned. Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine how much SFA Program funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the SFA Program funds.

The percentage of the payment period or period of enrollment completed is determined by: **For schools that measure programs in credit hours -**

The percentage of the payment period or period of enrollment completed is the total number of calendar days in the payment period or period of enrollment for which the assistance is awarded divided into the number of calendar days completed in that period as of the day the student withdrew.

The Corporate Student Financial Services Coordinator will review all Return of Title IV calculations and will ensure that the unearned Title IV funds are returned to the appropriate account. If a student or parent, in the case of PLUS loans has a post-withdrawal disbursement (PWD) that consists of loan funds, the Financial Aid department will contact the student and/or parent and explain the PWD and request the student and/or parent to put in writing their consent to obtain some or all of the PWD. If there is a grant PWD, Platt College may apply those funds directly to allowable charges or send directly to the student. If a student has a grant overpayment, the student is required to return any overpayment that is in excess of 50% of any grant(s) received by the student. For any overpayment of Federal Loans, the student and/or parent is required to return the loan in accordance with the terms and conditions of the Master Promissory Note.

Order of Return of Federal Student Financial Aid Program Funds

The US Department of Education mandates that Title IV funds credited to outstanding loan balances for the payment period or period of enrollment for which a return of funds is required must be returned in the following order:

- Unsubsidized Direct Stafford loans (other than PLUS loans);
- Subsidized Direct Stafford loans;
- Federal Direct PLUS loans;

If funds remain after repaying all loan amounts, those remaining funds must be credited in the following order:

- Federal Pell Grants for the payment period for which a return of funds is required; • Federal Supplemental Educational Opportunity Grant (FSEOG) for which a return of funds is required;

- Other assistance under this Title for which a return of funds is required.

Students will be notified of any refunds due to a lender on their behalf through the mailed exit interview material. Refunds to any of the Title IV or State programs will be paid within 45 days from the date of determination.

JOB PLACEMENT RATES DISCLOSURE

Platt College calculates job placement rates for both ACCSC and BPPE. Both agencies methodologies for calculating placement rates are listed below.

Accrediting Commission of Career Schools and Colleges (ACCSC)

ACCSC defines placement rate calculation as the number of graduates who complete their program within 1.5 times of the program length who were available for employment and found a job in their field of study, divided by the total number of graduates available for employment. The placement rate is required to be calculated by program at each Platt College location. Placement rates are reported annually and can cover a placement time frame from six months to four and half years (depending on the program length). The data listed below was reported in the 2024 ACCSC Annual Report. Please contact Career Services for more information.

***Program approved, but no data for reporting period**

****Program not approved/offered at this location Bureau for Private Postsecondary Education (BPPE)**

BPPE defines placement rate calculation based on students completing within a reporting calendar year. The placement rate is determined by dividing the number of graduates at 100% of the program length that are gainfully employed in the field by the number of graduates available for employment. Graduates must be employed within 6 months of graduating to be considered as employed for this calculation. If the program requires licensure examination the employment period will begin 6 months after the announcement of the examination results for the first examination available after a student completes an applicable program. Additional requirements are as follows:

Placement rate calculation based on the graduate is employed in a job classification under the United States Department of Labor's Standard Occupational Classification codes, using the Detailed Occupation (six-digit) level, for which the institution has identified in its catalog and in its employment positions list required by section 94910(f)(2) of the Code that the program prepares its graduates; and

(ii) The graduate is employed in a single position or concurrent aggregated positions totaling at least 30 hours per week for 5 weeks (35 calendar days), or totaling at least 20 hours per week for 5 weeks (35 calendar days) with a statement signed by the graduate stating that he or she chose to seek part-time employment rather than fulltime employment after graduation; or

(B) The graduate is employed by the same employer that employed the graduate before enrollment, and any of the following conditions are met:

(i) the graduate is employed in an occupation with a different Detailed Occupation(six-digit) level Standard Occupational Classification code than applies to the position in which the graduate was employed before enrollment; or

(ii) the employer or the graduate provides a statement to the effect that the employment after graduation was the result of a promotion with increased pay, due at least in part to graduation from the program;

(iii) the employer or the graduate provides a statement to the effect that the degree or the completed program was required as a condition of continued employment; or

(C) The graduate is self-employed or working freelance as reasonably evidenced by, but not limited to, a business license, fictitious business name statement, advertising (other than business cards), website, or business receipts or other evidence of income from business; or an attestation signed by the graduate of self-employment or freelance work and dated after graduation.

Programmatic Placement

Platt College reports programmatic placement rates to Commission on Accreditation for Respiratory Care (CoARC).

CoARC defines placement based on a three-year average of students graduating that have passed their required licensure exam and have gained employment in their field of study by the time of the report. The report is typically issued by March of the following year. This data was reported in the 2024 annual report and covers the period from 2021-2023.

Student Disability Services

General Information:

As required by federal law, Platt College will provide academic adjustments, auxiliary aids and services (collectively, “academic accommodations”) to ensure that it does not discriminate on the basis of disability. Academic accommodations are determined based on the student’s disability and individual needs. Academic accommodations may include modifications to academic requirements that are necessary to ensure that students with disabilities are provided an equal educational opportunity. In providing academic accommodations, ***Platt College is not required to lower academic standards or modify academic requirements that can be demonstrated as being essential to the instruction being pursued by the student or to any directly related licensing requirement.*** In addition, Platt College is not required to provide academic accommodations that would fundamentally alter the nature of a service, program, or activity, or that would result in undue financial or administrative burdens considering Platt College’s resources as a whole.

Platt College will not ask applicants or current students if they have a disability. The disclosure of a disability is voluntary on the part of the student. If a student with a disability wishes to receive academic accommodations, it is the student’s responsibility to inform Platt College of the disability and to follow the procedures outlined herein during the enrollment process to request the academic accommodations.

In addition, Section 504 and the ADA prohibit harassment based on disability that creates a hostile environment by interfering with or denying an individual’s ability to participate in or benefit from a program, service, or activity. Platt College will promptly investigate any allegations of a hostile environment based on disability, take prompt and effective action to end the harassment and prevent it from recurring, and where appropriate, remedy the effects on the individual who was harassed. Individuals may file a complaint of disability harassment by contacting Feedback@PlattCollege.edu.

For further information on Student Disability Services please see the most current Platt College Catalog or speak with the Academic Dean.

Platt College Drug and Alcohol Prevention Program

This document was prepared to inform you of the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, and what PLATT COLLEGE requires of its students and staff. Platt College is committed to maintaining a drug-free school and workplace. All campus property is drug and alcohol free. Platt College is committed to full compliance with the Drug Free Workplace Act and the Drug-Free Schools and Communities Act regulations as contained in 34 C.F.R. Part 86. New students, faculty and staff are provided this information during orientation. Annually, students and employees are provided this information by means of publication of this Annual Security Report and material posted on campus.

Students and staff are prohibited from the unlawful cultivation, manufacture, distribution, sale, purchase, possession, transportation or use of illicit drugs or alcohol. This prohibition applies while on Platt College's property or at any of its officially sponsored events.

Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion or termination from employment.

There are numerous legal sanctions under local, State, and federal laws which can be used to punish violators. Penalties can range from suspension, revocation, and denial of a driver's license to 20-50 years' imprisonment without benefit of parole. Property may be seized. Community service may be mandated. Examples of penalties found in Federal and State law for drug trafficking are found below and included in Section A. Please see the Federal Trafficking Penalties chart for more detailed information on Federal penalties. Section B describes the State of California Sanctions.

Recent federal anti-drug laws affect a number of areas in everyone's lives. Students could lose eligibility for financial aid, could be denied other federal benefits such as Social Security, retirement, welfare, health, disability, and veterans' benefits. The Department of Housing and Urban Development, which provides funds to states and communities for public housing, now has the authority to evict residents and members of their household who are involved in drug-related crimes on or near the public housing premises. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain careers.

The laws of the State are adequate to protect the innocent, but stringent enough to ensure that persons involved with the illegal dealing of drugs or excessive use of alcohol can be adequately punished. For example, a small amount of drugs found on a person may lead to an arrest that could require the person to make payment of all court costs as well as participate in mandatory community service. A person found with drugs with the intention to distribute could be imprisoned. A person found to be intoxicated while driving could be forced to pay court costs, lawyers' fees, participate in community service, receive an increase in the cost of automobile insurance or even lose their driver's license and end up in prison.

In addition to local and State authorities, the federal government has four agencies employing approximately 52,500 personnel engaged in fighting illicit drugs. These agencies are: The Drug Enforcement Agency, U.S. Customs Service, Federal Bureau of Investigation, and the U. S. Coast Guard.

Here are a few legal facts of which we should be aware. It is a crime to hold someone else's illegal drugs. It is a crime to sell fake illegal drugs. You can be arrested if you are in a house (or an institution) where people are using drugs, even though you are not. You can be charged with possessing illegal drugs even if it is not on you. You are considered to possess, under legal terms of "constructive possession," illegal drugs that is in your locker, purse, car, or house.

Drug abuse is the utilization of natural and/or synthetic chemical substances for non-medical reasons to affect the body and its processes, the mind and nervous system and behavior. The abuse of drugs can affect a person's physical and emotional health and social life. Alcohol is the most abused drug in the United States.

Drugs can be highly addictive and injurious to the body as well as one's self. People tend to lose their sense of responsibility and coordination. Restlessness, irritability, anxiety, paranoia, depression, slowed movement, inattentiveness, loss of appetite, sexual indifference, comas, convulsions, or even death can result from overuse or abuse of drugs. Not only does the person using the drug subject himself to all sorts of health risks, drug use can and, in many instances does, cause grief and discomfort to innocent people. A drug-dulled brain, for example, affects the wide range of skills needed for safe driving, such as thinking. Further, reflexes are slowed, making it hard for drivers to respond to sudden, unexpected events. Alcohol-related highway deaths are the top killer of 15-24 year olds. Section C provides information about the physical effects of alcohol and illegal drugs.

Students and employees are encouraged to seek substance abuse treatment. There are no on-campus treatment, rehabilitation or re-entry programs available. Students and employees may be referred to counseling sources and/or substance abuse help centers. If such a referral is made, continued enrollment or employment will be subject to successful completion of any prescribed counseling or treatment programs. Students and employees who believe that they have a substance abuse problem and are seeking treatment may contact the Campus President for referral assistance. All such matters will be handled confidentially.

There are also drug or alcohol counseling, treatment and rehabilitation facilities available in our area where you can seek advice and treatment. The yellow pages of the local telephone book are an excellent source. Look under the heading "Drug Abuse and Addiction – Information and Treatment."

There are national organizations one can contact for help. The Alcoholism and Drug Abuse Hotline is open 24 hours, 1-800-252-6465. The Cocaine Hotline, 1-800-444-9999, is also open 24 hours a day. The National Institute on Drug Abuse Hotline is available from 8:00 a.m. to 2:00 a.m., Monday through Friday, and 11:00 a.m. to 2:00 a.m. on weekends, 1-800-662-4357.

Dependency upon drugs can only lead to a life of misery and misfortune. The illegal use or abuse of drugs has a very high impact on our society and the types of crimes committed. To support a drug habit, people may resort to many things that can lead to a life of horror or, in some instances, death. The dollar costs can range from \$200 to \$3,000 per week to support a habit. More importantly, the drug habit impacts on a person's family, lifestyle, and career prospects as well as one's physical well-being and self-respect.

Treatment is available and may be expensive. For example, a typical live-in program lasting four (4) weeks can cost from \$5,000 to \$15,000. Outpatient programs cost from \$1,000 to \$5,000. Who pays for these treatments? There may be programs that cover the costs. One way or another, the person and the taxpayer pays! It has been proven that an individual "hooked" cannot just stop, but requires professional care to kick the habit.

There are classic danger signals that could indicate the first sign of drug use. The primary ones that could call attention to one's use of drugs are:

- Abrupt changes in mood or attitude
- Continuing slump at work or in school
- Continuing resistance to discipline at home or school
- Inability to get along with family or friends
- Regular temper flare-ups
- Increased borrowing of money
- Heightened secrecy/isolation
- Acquiring a whole new set of friends.

We recommend that any person observing any of the above changes in either students or staff behavior immediately notify the Campus President. Caution must be observed, however, to avoid wrongful accusation of a person suspected of taking drugs as an improper accusation could lead to embarrassment to both the individual and the Institution.

Once it has been determined by management that assistance to overcome the problem is indicated, the individual and his/her family should be counseled on the need for assistance. Records must be maintained of any such counseling provided to an individual.

There are clinics in the Institution's vicinity that can provide assistance. Treatment must be an expense borne by the patient. The Institution can only offer advice. If the individual is in immediate danger of harming himself/herself or others, local law authorities should be contacted immediately.

Students and staff who violate these standards of conduct subject themselves to disciplinary action.

Faculty, staff, and students employed under the Federal Work Study Program are issued a copy of this booklet to educate them to the provisions of the Drug-Free Workplace Act of 1988. (Institutions participating in campus-based programs must maintain drug-free workplaces.) Employees must notify the Campus President of the Institution in writing of a conviction of a criminal drug statute occurring in the workplace within five days after receiving the conviction. Section C provides the Drug-Free Workplace Statement. Disciplinary action will take place within 30 days of notification and can range from a letter of admonishment, suspension from school or work, and/or enrollment in a rehabilitation program to termination from school or employment.

SECTION A

Federal and California law consider the illegal use of drugs and alcohol to be serious crimes. The sanctions for violations of these laws range from fines to lengthy terms of incarceration, or both. The following provisions of the Federal law serve as the foundation for Platt College's policy. (Note: This list is not a complete summary of relevant laws and ordinances regarding alcohol and drugs.)

Federal Financial Aid Penalties for Drug Violations/Convictions

The Higher Education Act states students convicted of an illicit drug violation while on federal financial aid can be denied federal financial aid for a specific period, in addition to other legal penalties. The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense: "Have you ever been convicted of possessing or selling illegal drugs while on federal financial aid?" If you answer "yes," Platt College will send a worksheet in the mail to determine if your conviction affects your eligibility for aid. Failure to answer the question automatically disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines up to \$20,000, imprisonment or both.

Penalties

If the student was convicted of both possessing and selling drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

Possession of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for one year from the date of conviction.
- For a second offense, a student loses eligibility for federal financial aid for two years from the date of conviction.
- For a third offense and subsequent offenses, a student has indefinite ineligibility for federal financial aid from the date of conviction.

Sale of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for two years from the date of conviction.

- For a second offense and subsequent offenses, a student has indefinite ineligibility from the date of conviction.

How to Regain Federal Student Aid Eligibility

1. A student can regain eligibility for federal student aid funds the day after the period of ineligibility ends or upon having a conviction reversed, set aside, or removed from the student's record so that fewer than two convictions for sale of illegal drugs or three convictions for possession remain on the record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility.
2. A student may also regain eligibility upon successful completion of a qualified drug rehabilitation program that must:
 - Include the student passing at least two unannounced drug tests; AND
 - Have received or is qualified to receive funds directly or indirectly under a federal, state or local government program; or
 - Be administered by a federal, state, or local government agency or court; or
 - Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company; or
 - Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.
3. A student may further regain eligibility upon successful completion of two unannounced drug tests which are part of an approved rehab program (the student does not need to complete the rest of the program).

The student is responsible to certify that a rehabilitation program was successfully completed.

Alcohol Laws

Federal law has set 21 as the minimum age to purchase or possess any alcoholic beverage. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal.

SECTION C

Information about the Physical Effects of Alcohol

To provide information about the potential effects of dependence on drugs and alcohol, Platt College strives to:

- Educate students and employees about alcohol and drug abuse in an effort to encourage responsible decisions about their use;
- Provide referrals to students and employees who have experienced negative consequences with alcohol and drugs so as to reduce the harm and manage the risks associated with their use;
- Support students and employees who are in recovery from substance abuse and addiction;
- Promote constructive lifestyles and norms that discourage alcohol and drug abuse; and
- Develop social and physical environments that facilitate alcohol and drug abuse-free lifestyles.

HEALTH RISKS ASSOCIATED WITH THE USE OF ALCOHOL		
Area Affected	Effects	Consequences
BLOODSTREAM	95% of alcohol taken is absorbed into the bloodstream	Slowing of circulation systems, deprivation of oxygen in tissues, the slowing of the white blood cells to engulf and destroy bacteria and the slowing down of the clotting ability of blood platelets
BRAIN	Dramatic and noticed effects	Lack of coordination, disorientation, confusion, stupor, anesthesia
HEART	Causes inflammation of heart muscle	Contributes to diseases of the heart
INTESTINES	Blocks the absorption of substances such as thiamin, folic acid, xylose, fat, vitamin B1, vitamin B12 and amino acids	Can result in duodenal ulcers
LIVER	Inflames and destroys the cells of the liver	Can lead to prevention of liver of properly filtering bile through the liver, causing yellow jaundice
MOUTH & ESOPHAGUS	Dries out your mouth and damages the cells lining the esophagus and is a risk factor for cancer	Burning sensation
PANCREAS	Irritates the cells of the pancreas	Can lead to acute hemorrhagic pancreatitis which destroys pancreas and creates a lack of insulin

STOMACH	Irritates the stomach's protective lining	Can result in gastric ulcers
URINARY BLADDER & KIDNEYS	Irritates the linings of the bladder and the kidneys	Inflammation causes irritation in the bladder. In the kidneys causes an increased loss of fluids.

Alcohol Poisoning and Its Prevention:

Every year, hundreds of college students succumb to alcohol poisoning and its long-term effects, many even die. Rapid intervention can mitigate the consequences if witnesses respond quickly and appropriately to incidents of suspected alcohol poisoning.

Symptoms include:

1. Person is unconscious or semi-conscious and cannot be awakened.
2. Cold, clammy, pale or bluish skin
3. Breathing can be slow, less than eight times per minute, or irregular, with ten seconds or more between breaths.
4. Vomiting while sleeping or passed out, and not waking up.

If anyone is suffering from one or more of these symptoms, he or she is suffering from acute alcohol poisoning. Respond by:

- Getting help: call 9-1-1
- Do not leave the person alone; Turn the victim on his or her side to prevent choking in case of vomiting.
- Always be "better safe than sorry" ... don't ignore the situation!

Effects of Alcohol Abuse

The following section describes the effects and potential consequences of alcohol and other drug use. Alcohol is a depressant drug that slows the nervous system.

Physical effects include:

- increased heart rate
- loss of muscle control, leading to slurred speech and poor coordination, a hangover, fatigue, nausea, headache
- blackouts (memory loss) or unconsciousness

Mental effects include:

- impaired judgment (of space and time)
- poor concentration, impaired thinking and reasoning processes
- loss of inhibitions and exaggerated feelings of anger, fear, and anxiety

Potential consequences of alcohol abuse include:

- alcoholism
- damage to brain cells
- blackouts (memory loss) or poor concentration
- death (as a result of accidents or alcohol poisoning)

Special problems associated with alcohol abuse include:

- social conflicts
- accidents and injuries
- vandalism
- sexual assault and violence
- increased risk of contracting sexually transmitted diseases, including HIV
- drinking and driving

Effects of Other Illegal Drugs on the Human Body*:

Illegal Drugs: Heroin

Heroin belongs to a group of drugs called opiates. Opiates are strong pain killers and are classified as depressants because they slow down the functions of the central nervous system. Heroin can be injected, snorted, or smoked. It usually comes in powder form and in different colors. It is illegal to possess, manufacture, supply, import, or trade heroin. Heroin can produce nausea and vomiting, as well as constipation and itching. At higher doses, the pupils of the eyes narrow to pin-points, the skin becomes cold, and breathing becomes slower and shallower. Long term use of street opiates (heroin) and the associated lifestyle may result in damage to the veins, heart, and lungs. Women may experience irregular menstruation and possibly infertility, while men may experience impotence. Because heroin is usually injected, there is a particular risk for the user. Sharing injecting equipment - needles and syringes, spoons, sterile water, filters, alcohol swabs and tourniquets - greatly increases the risk of contracting diseases like tetanus, Hepatitis B, Hepatitis C and HIV.

Illegal Drugs: Cocaine

Cocaine is classified as a stimulant as it speeds up the nervous system. It is an addictive drug which comes from coca leaves or it is made synthetically and comes in the form of a white powder. Cocaine is highly addictive. The addiction can be almost immediate following the first use. Regular users almost always become addicted to cocaine. This addiction can cause problems with daily living including lying, stealing, flattened emotions, and problems with relationships. Cocaine is extremely dangerous and can cause death to the user. The effect of cocaine will depend on the amount taken, the quality, and the purity of the drug. Taking more of the drug may not increase the sensation; rather it increases the risk of overdose and negative health effects.

Illegal Drugs: Crack

"Crack" is the street name given to cocaine that has been processed from cocaine hydrochloride to a ready-to-use form for smoking. Rather than requiring the more dangerous method of processing cocaine using ether, crack cocaine is processed with ammonia or sodium bicarbonate (baking soda) and water. It is then heated to remove the hydrochloride, thus producing a form of cocaine that can be smoked. The term "crack" refers to the crackling sound heard when the mixture is heated, presumably from the sodium bicarbonate. On the illicit market, crack, or "rock," is sold in small, inexpensive dosage units. Smoking this form of the drug delivers large quantities of cocaine to the lungs, producing effects comparable to intravenous injection. These effects are felt almost immediately after smoking, are very intense, and do not last long.

Illegal Drugs: Marijuana

Marijuana is primarily a depressant; however, it may have hallucinogenic effects. Marijuana comes from the dried leaves and flowers of the cannabis plant. The effects of marijuana will vary depending on the individual and the mood they are in. It will also depend on the strength and amount of the drug being used. In combination with other drugs or alcohol, the use of now much stronger hydroponically grown marijuana produces disturbing feelings of paranoia, hallucinations, and other symptoms of drug-induced psychosis. Drug use can lead to social and emotional problems that can affect a person's relationship with families and friends. For example, one of the effects of marijuana can be loss of inhibitions. This may lead to a person saying or doing something they would not normally do, or taking risks which may put them in danger. Marijuana can also make people less motivated.

Illegal Drugs: Meth

Meth is part of a group known as amphetamines. The effect of meth is that it stimulates the activity of certain chemicals in the user's brain. Meth is classified as a stimulant drug. Meth bought on the streets is usually a white or yellow powder. Meth can be swallowed, injected, smoked or snorted. Use of any drug can damage your health. Meth is often of a very poor quality and a 'dirty' hit can make users sick. Of course, the effects of meth will vary from person to person depending on mood, physical size, personality, gender, the way they use it, quality of the drug and previous history of use. The immediate effects last between two and five hours.

Date Rape and “Club” Drugs

Club drugs continue to grow in popularity with young people nationwide. While many users experience sensational highs accompanied by body stimulating effects, they may fail to recognize the dangers these drugs present. According to the National Institute on Drug Abuse, club drugs “can have a long-lasting negative effect on the brain that can alter memory function and motor skills”.

- Ecstasy (MDMA) - is an entactogen that is also called “E”, “X” “Clarity” and “XTC”. Use may result in decreased appetite, hallucinations, increased heart rate and blood pressure, muscle seizures, anxiety, and sweating. It also causes the body to overheat, which in turn leads to dehydration and hyperthermia, which have been fatal.
- Ketamine- is a dissociative anesthetic, sold legally to veterinarians. It is referred to as “K”, “Special K”, or “Vitamin K”. It is usually ingested in liquid or powder form, and is an extremely unpredictable, volatile drug. Effects are stimulated heart rate, blood pressure, and breathing to dangerously high levels. Panic, rage, paranoia, numbness, loss of coordination, and difficulty breathing are all additional symptoms.
- GHB- is a euphoriant depressant also known as “Liquid G” “Liquid X” and “Liquid Gold”. It is a powerful, fast-acting central nervous system drug. Symptoms include dizziness, nausea, slowed heart rate, and deep sleep. These symptoms become extremely dangerous when the drug is mixed with alcohol use. GHB is frequently used and implicated in date rape cases.

- Rohypnol- is a tranquilizer and sedative drug. It is colorless, odorless, and tasteless- and therefore makes it a convenient and pervasive date-rape drug nationwide. Rohypnol affects the brain's memory processing and causes "retrograde amnesia", which is similar to black-outs.

STATEMENT OF INSTITUTIONAL SANCTIONS

Illegal possession or use of drugs or alcohol can have penalties, including loss of Title IV eligibility, community service, suspension or loss of driver's license, jail time and fines. Platt College will impose disciplinary sanctions on students and employees consistent with federal, state, and local laws and ordinances. Students and employees who violate Platt College's prohibitions against drug and alcohol are subject to disciplinary action up to and including termination of their employment or enrollment at Platt College, even for a first-time offense. Federal, state and local violations will be properly adjudicated by the appropriate government agency.

Procedures for Management

Platt When an employee or student is suspected of being in violation of this policy, the individual making the observation should immediately consult with an appropriate member of management.

If an employee or student is suspected of using or being under the influence of alcohol or a legal or illegal drug or otherwise unable to perform his/her job in a satisfactory manner, the employee or student will be requested to go to a medical facility for evaluation by a doctor, if available, and perform a drug screening, which is to include obtaining of a blood or urine sample. If the employee or student is to go to a medical facility for evaluation or screening or to go home, the manager is to arrange for the employee's or student's safe transportation to the appropriate destination.

If the employee or student is unwilling to report to a medical facility for evaluation and screening or such facility is unavailable, the management person should require the employee or student to a private office area or, if not available, to a safe, non-work or class area. If the management person has a reasonable doubt about the employee's or student's ability to satisfactorily and safely meet their requirements, the management person shall place the employee or student on suspension pending the results of testing or other administrative determination.

If the employee or student is to go to a medical facility for evaluation or screening or to go home, the manager is to arrange for the employee's or students safe transport.

1. If an employee or student is suspected of possession of alcohol contrary to policy or of selling, purchasing or transferring an illegal drug, the manager is to:
 - a) Seize any suspected alcohol or illegal drug which is in plain sight;
 - b) Secure any container or the like, where alcohol or illegal drugs may be present, for a subsequent search by appropriate personnel; and
 - c) Order the employee or student to report to an area in the facility where appropriate personnel can question the suspected employee or student **in private**.

2. Prior to initiating questioning relative to use or possession, the manager is to first consult with the Campus President if he/she is available. Otherwise, the manager is to have a witness present and, without other guidance, limit his/her questioning to that which determines the employee's or student's general condition (i.e., does the employee or student feel sick; does the employee or student know where he/she is; to whom he/she is talking; and what may be the cause of the employee's or student's present condition).
3. Managers are to restrict conversations concerning possible violations of this policy to those persons who are participating in any questioning, evaluation, investigation or disciplining action and who have a need to know about the details of the drug/alcohol investigation. This restriction includes not mentioning the name of the employee or student suspected of violating this policy. Management, supervisors, and investigators are to instruct other employees and students, except as stated above, not to talk about such possible violations.

REVIEW OF DRUG AND ALCOHOL PREVENTION PROGRAM

Platt College conducts reviews at least biennially to determine the effectiveness of this policy to ensure consistent enforcement of applicable drug and alcohol related statutes, ordinances, and institutional policies against students and employees found to be in violation. The review is to ensure:

- ✓ The effectiveness of the program and to modify where necessary.
- ✓ That sanctions are consistently enforced.
- ✓ A record of the biennial reviews is maintained and available to appropriate agencies as required by contacting The Vice President of Academic and Regulatory Affairs.

Students or employees with any questions concerning this policy should contact the Campus President or other CSA.

SECTION D

DRUG-FREE SCHOOLS AND COMMUNITIES ACT OF 1989

The Congress of the United States has established legislation, which requires educational institutions to provide information to students and employees regarding illicit drugs and alcohol abuse. This legislation is commonly referred to as the Drug Free Schools and Communities Act of 1989. Colleges and universities are required to certify that they attempt to prevent the unlawful possession, use, and/or distribution of drugs and alcohol by students and employees. Platt College is committed to maintaining a drug-free environment for students and employees. Policies and information pertaining to alcohol and substance abuse are found in the Drug Prevention Program section of this report.

Platt College is committed to maintaining a drug-free environment for students and employees. Any students who would like to receive additional information or confidential assistance may contact the Campus President. In compliance with Federal Law Platt College conducts a biennial review of the College's drug and alcohol abuse program. The results of that review are available upon request from the Vice President of Academic and Regulatory Affairs.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the Platt College receives a request for access. A student should submit to the registrar, Academic Dean, or Campus President a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask Platt College to amend a record should write Registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If Platt College decides not to amend the record as requested, Platt College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before Platt College discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Platt College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the Platt College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the Platt College who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Platt College.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Platt College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

See the list below of the disclosures that postsecondary institutions may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. (§ 99.31(a) (14))

To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21.
